CASE STUDY - INTRODUCTION

THERAPIA ROAD

PROJECT PROFILE

Extension Type: Rear Extension

Size: 6 Bedroom - Detached Victorian House

Duration: 16 Weeks

Budget: £150,000 + VAT

Therapia Road is our latest Build Team project which showcases the high standard of design and construction that we offer as part of our Turnkey Service.

Located in Dulwich, the extension is sensitive to the existing house whilst adding a striking new space. The use of glass panorama doors which open fully at 90 ° results in an incredible opening of light, and beautiful views of the garden.

Panorama roof lights also ensure that natural light is maximised and allows the new kitchen and dining area to benefit from this design choice. With striking design features, an open plan layout and a real attention to detail, the finished project is a modern and clean extension; which is architecturally bold, aesthetically pleasing and highly functional – built perfectly for purpose.
